

"THE BEAUTIFUL TEMPLES OF CEYLON."

Dorsey Travel Picture.

**Powers Educational—Released Oct.
12.**

In this picture there are shown many of the beauties of the great island that lies just to the south of India. First views of the principal town are shown and then a trip is made to the interior. The main industry of the island is the raising of tea and there are views of the great fields where the tea is grown. It is collected by the native girls who do nearly all the work of the island.

There are also views of the way that industry is carried on there. Dirt is hauled by girls in baskets that are carried on the head.
